CAREER OBJECTIVE

Enthusiastic Computer Science graduate (CGPA 9.53) seeking a Software/Full Stack Developer role. I am skilled in Java, Python and SQL with a passion for creating impactful, user-friendly applications and contributing to innovative teams.

PROFESSIONAL EXPERIENCE

CodeBind Technologies, Chennai, India

11-07-2024 to 10-08-2024

Intern

- Gained hands-on experience in full-stack web development using HTML, CSS, JavaScript, PHP, and MySQL.
- Collaborated with a team of 4 to build a responsive, user-friendly interface and implement robust back-end functionalities.
- Enhanced skills in collaborative development, responsive design, and database integration during a one-month internship.

PROJECTS

- **Hospital Management System (Web Development):** Built a responsive web app for hospital operations with modules for appointments, services, and blogs using HTML, CSS, JavaScript, PHP, and MySQL.
- **School Management System (Java):** A desktop application designed to streamline academic and administrative tasks with role-based access for students, teachers, and administrators.
- **Smart Career Assistance Portal (Next.js and Gemini API):** An AI-powered platform offering resume and cover letter builder, mock interviews, and industry insights to guide users in their career journey.
- **E-commerce Website Prototype (Figma):** Designed an interactive Figma prototype with modern UI/UX for smooth product browsing and checkout.

CERTIFICATION

- NPTEL certified "joy of computing using Python" and "programming in java"
- Google certified crash course on Python
- Microsoft office suite (Naan Mudhalvan, Microsoft)
- IBM certified Cyber Security Fundamentals

SKILLS

- **Programming:** Python, Java, C, SQL
- **Web Development:** HTML, CSS, JavaScript
- **Other Tools:** Figma, Microsoft Office Suite
